Edmonton Daily Bulletin.

VOLUME IV. EDMONTON BULLETIN FRIDAY, SEPTEMBER 28, 1906. NUMBER 229.

Seeking Information on Canadian Trade

Commissioner of His Majesty's Board of Trade Talks Entertainingly of Mission Which Will Keep Him a Year In This Country.

Mr. Richard Grigg, commissioner to Canada for His Majesty's Board of Trade, is a man of many parts and he gave the Bulletin reporter a thirty-minute interview this morning which was full of interest and instructiveness as to efforts that are being made by the imperial government to capture for the mother country a larger share of the Canadian trade.

Mr. Grigg is on what might be termed a twelve-months' campaign of education, of which three months has already been well spent before visiting Edmonton.

He is, in fact, a reporter himself and his mission is to look into trade conditions in this country, interview people who are engaged in trade, learn if Great Britain is getting her fair share of the trade of Canada, particularly of the growing trade of Western Canada, and if not to learn why not, and to report the whole of his observations, together with whatever suggestions the circumstances may suggest, to that branch of the Imperial government known as the Board of Trade, and through them to the industrial interests of Great Britain.

The Board of Trade in the old country is not in any respect similar to what we know as a board of trade here. On the contrary it is a branch of the government, with a portfolio and a minister in the cabinet, Lloyd George. The ramifications of the department are most extensive. Practically all the work done by the fisheries and marine department, and the department of trade and commerce come under this head. In connection with the trade branch, there is a bureau of information, with an advisory board composed of the captains of industry, influential labor men, railroad presidents and in fact leaders of all the important branches of industrial life. It is in connection with this branch of the board's work that Mr. Grigg is working.

Officially, his position is that of a roving commissioner or trade agent, sent out by the intelligence department of His Majesty's board of trade.

As befits his office, Mr. Grigg is a great enthusiast for inter-British trade and is a great believer in the glorious future of Canada. Also he is a great student of Canadian affairs and as he, although not Canadian born, spent several of the earlier years of his life in Canada, he has a groundwork of general information on the Canada of the Canadians and the Canadian line

Continued on Page 2.

New Excavator.

Taylor Construction Co. Unloads a Machine at C. N. R. Which Will Make Rapid Work on the Trenching

The Taylor Construction Co. is unloading a new excavator at the Canadian Northern depot which it is intended will make rapid work on the trenching on the city sewer work.

The machine works on an entirely new principle, as least to far as Edmontonian experience is concerned. It weighs close to twenty tons and it has a capacity, in good ground, of one hundred feet a day of trench 22 feet deep. It is moved by its own power on four large wheels similar to a steam shovel, but it has the advantage over a steam shovel that the work is done behind the machine instead of in front, so that the wheels are always on solid ground. A large leg, with a chain belt and steel brackets revolving like the straw carriers on a threshing machine does the excavating and a carrier carries the earth off to one side of the trench and clear of the machine. It will clear the trench out eight feet wide, sufficient for everything except the larger part of the main trunk sewer. It is estimated that the machine will do the work of one hundred men.

The new excavator will be unloaded today and will probably be at work on First street by the first of the week.

Meat Prices Soar

Chicago, Sept. 27. — The prices of choice cuts of meat are soaring here, and the latest boost by big packers will become general throughout the country in a few days according to information sent out all along the line. The advance in local trade is from two to three cents in the last three weeks, and a second rise of from one to two cents will become effective this week. According to the local dealers the advances are attributed to the lack of a demand for sausage and canned meat products. The operation of the new meat inspection law makes it impossible for packers to palm off by-products as choice delicacies, and the consequent wiping out of this source of profit to a considerable extent is the main reason assigned by the knowing ones for the sharp advance in the price of choice cuts.

Vegreville Fair

First Day was a Great Success—Some of the Prize Winners

Vegreville, Sept. 27.—The fourth annual fair was opened here today with a good attendance. The directors are well pleased both with the quantity and quality of the exhibits and the great interest that is shown in the fair by the people of the surrounding districts and towns. The judges of the stock exhibits, D. C. Robertson, of Edmonton, and S. W. Paisley, of Lacombe, found their task none too easy, as it was often hard to pick the winner, and they were always the centre of a crowd of interested spectators.

Alex McLeod, with eleven head of grade dairy cattle, S. R. English, of Pozewell, with fifteen head of Shorthorns; J. B. Berlinguette, of Warwick, with the two registered Shorthorn bulls "King Arthur" and "Allans Duke." Thos. Kennedy & Sons, of Vermilion Valley, with eight pure bred Hereford and Basile Thereau, of Brosseauville, with his Hereford bull, "New Year's Gift," were the chief exhibitors in the cattle line. Some fine carriage and draught horses were shown. Complete returns of the judging will be available tomorrow.

The show of garden stuff, cereals, and tubers was as good as can be shown anywhere and shows that the Vegreville district can produce vegetables as well as live stock and grains.

In the domestic department, the capabilities of the Alberta housewife were shown in the numerous exhibits of butter, bread made from Alberta flour, and imported brands, candies, cider, jellies, pickles, preserves, jams and soaps.

A feature of the arts department was the exhibit of the Ruthenian training school conducted by Rev. R Broadfoot, a Presbyterian clergyman, who has taken up missionary work among the younger generation of this people, giving them a thorough mastery of English and sending them out to teach their younger and less fortunate brothers. The work of these students as exhibited at the fair, was excellent, and many favorable comments were passed upon it. The exhibits of the town school were also good and a credit to both teachers and pupils. There were also some fine things shown in oil painting, artificial flowers, cushions, etc.

The track events attracted much attention and some good contests were seen.

Summary

100 yards dash.1st, C. Toll, Strathcona. 2nd, J. Gleason, Edmonton.

220 yards dash.—1st, C. Toll, Strathcona. 2nd, A. Currie, Strathcona.

Boys' race.—1st, Fred Still; 2nd, Jas. Lagan.

Fat men's race.—1st, M. A. Worth; 2nd, S. English.

Edmonton and Vegreville did some stunts in the baseball line and Edmonton won 14 to 5. It was pretty weird baseball, partly on account of the lack of practice on the part of the Vegreville boys, partly because of the roughness of the improvised diamond and a good deal because of the sun being directly in the fielders' eyes. The teams were:—

Edmonton—Gleason, s.s.; Ratkan, 1. f.; Herwig, r.f.; Maloney, c.f.; W. Magirl, 1b; Doherty, 2b; McCusker, 3b; Setley, p.; A. Magirl, c.

Vergeville—Harton, l.f.; Sill, c. f.; Barker, r.f.; Steeves, s.s.; McCusker, 1 b.; Milne, 2b.; Worth, 3b.; Carr, p.; Fraser, c.

In the manufacturies department the only exhibit was that of the Raymond Manufacturing Co., in charge of Thos. Armatrong of Calgary. A full line of the National Cream Separator and the Raymond Sewing machines was shown and Mr. Armstrong was busy explaining the good points of his machines and taking orders.

The officers and directors have worked hard and success seems to crown their efforts. The officers and directors are as follows:

Hon. president—F. W. W. Fane.
President—Thos. Tierney.
First vice president—D. McCallum.
Second vice president—Dr. A. H. Goodwin.
Directors—E. W. Leach, T. J. Cunningham, A. R. Mordy, M. McCauley, C. R. Morton, B. Tetreau, R. Fairburn, G. T. Gascoigne, J. J. Stanton, A. W. Coxford, A. T. Walker, Geo. Robertson, P. P. Kjoanes, Jos. Stonehocker, S. R. English.

AFTER SATISFACTION.

(Bulletin Special).

Montreal, Sept. 28—Senator Davies, city clerk, yesterday instructed his attorney to enter libel action for $10,000 against La Patrie. The action will be based on the grounds that the newspaper has been in its columns attacking the city clerk as an enemy of the workingman and casting unfavorable reflections upon him as a public official.

The Manufacturers' Visit

The Manufacturers' Association will arrive in Strathcona at 11 a.m. tomorrow, will spend an hour looking over Strathcona, and will then have lunch in their cars in the railway yards. The Edmonton reception committee will assemble with their rigs at the Windsor Hotel at 12.45 and drive to Strathcona, where they will pick the Manufacturers up at 1.30 and drive them to Edmonton and spend the afternoon showing them the various points of interest in and about the city.

In the evening the promenade concert which will be given in the rink will be open to all who care to come and mingle with the assemblage. Cards for the same may be secured free at the office of the secretary of the board of trade or from S. R. Smith at the Western Realty office, Jasper Ave.

The following is the reception committee, who are requested to assemble at the Windsor Hotel.

R. H. Alexander, Thos. Bellamy, A. B. Campbell, W. H. Clark, E. B. Edwards, F. T. Fisher, Dr. Ferris, A.C. Fraser, J. H. Gariepy, W. A. Griebach, H. Helliwell, R. Kenneth, W. E. Lines, H. J. Manson, D. Marshall, J. B. Mercer, K. W. Mackenzie, F. McPhee, E. C. Pardee, J. Ross, H. B. Round, R. Secord, W. Short, S. H. Smith, T. A. Stephen, A. M. Stewart, H. C. Taylor, J. Turnbull, J.B. Walker, C. S. Wallis, R. Mays, G. J. Kinnaird, W. J. Pace, C. May, J. I. Mills, J. H. Morris, J. H. Whitelaw, K. A. McLeod, J. A. McDougall, W. J. Crafts, A. York, J. C. Dowsett.

Empress Makes Good Time

(Bulletin Special).

Quebec, Sept. 28—The Empress of Ireland arrived this morning at 3.15 bringing the Orietnal mail which left in the Over-seas mail train for Vancouver at nine o'clock. The Empress of Ireland left Liverpool at 9.45 last Friday night and experienced heavy seas all the way across, notwithstanding which she made an average of 17.13 knots per hour, her actual sailing time being 5 days, 18 hours and 55 minutes. She brought over 250 first, 211 second, 611 third class passengers. There are 12 through passengers to the Orient. These will be augmented by a number of passengers picked up en route. The Oriental mail consisted of 328 sacks of letters, 117 packages of parcel post, a large increase over the previous through mail. She has in addition 330 bags of letters and 172 packages of parcel post and 56 boxes of specie for Canada.

New Alberta Judge

C. A. Stuart, of Calgary, and T. C. Johnstone, of Regina, Elevated

Ottawa, Sept. 28.—Two additional Puisne judges have been appointed to the Supreme Court of the North West Territories, they are C. A. Stuart, Calgary, and T. C. Johnstone, Regina. At present the court compriess the Chief Justice and five Puisne judges.

The Minister of Marine and Fisheries has authorized Col. Anderson, Chief Engineer of the Marine Department to act in conjunction with the international waterways commission in defining and buoying the boundary line in the centre of Lake Erie. The Minister of Marine says he is to have a first class cruiser built for British Columbia equal to any on the Atlantic coast to stop United States fisheries poaching in Canadian waters for halibut and other fish.

Hon. S. Hyman told your correspondent that he is to give four prizes for the architect who will supply the best design for the new government departmental buildings on Sussex street. The first prize will be $8,000, second $4,000, third $2,000 and fourth $1,000. The design will be sketched in ink and will show approaches etc. with a foot Major Hill. The buildings will be five Major Hill. The building will be five stories. They will have 225,000 superficial feet floor room. One building will contain the department of justice, supreme court, exchequer court, railway commission and library common to all. The other buildings will contain departmental offices. Designs must be in the hands of the Ministers by February 15th.

Judge Stuart was born on a farm in Middlesex County, Ont., in 1864. He attended the public and afterward the Strathroy high school. At 21 he quit the farm and for two years taught school after which he went to Toronto and attended Varsity. He graduated in 1891 with the B.A. degree being also gold medalist in classics. For two years he lectured in Varsity on Constitutional History, afterwards pursuing the study of law in Osgood Hall. In 1897 he came west and settled in Calgary as a member of the firm of Short & Stuart. In 1901 he ran against R. B. Bennett for West Calgary in the Territorial elections. Last year he was an alderman of the city of Calgary and in the first Provincial election last fall was elected member of the legislature for the constituency of Gleichen. His lucid reasoning and pleasing manner of address won for him a reputation as one of the most forceful debaters and most interesting speakers in the assembly. His successor in the house will be a strong man indeed, if he measures up to the standard set by Judge Stuart.

Build New Rink

Curling Club Will Form Company and Erect Building.

The curling club met in the office of Henry Fraser last evening to consider means of securing a rink for the coming season. After discussion it was decided to form a joint stock company and erect a suitable building. The company will be capitalized at $10,000 and shares will be sold at $10 each. A committee was appointed to look for a suitable site and report at another meeting on Thursday evening next.

The election of officers for the coming year took place. The patronage of the club will be offered to Lieut.-Governor Bulyea. The other officers are: Hon. President, C. W. Cross; President A. C. Fraser; 1st Vice-Pres., J. C. Dowsett; 2nd Vice-Pres., J .E. Wize; Secretary-treasurer, W. H. Ketchum; Chaplain ,Rev. Dr. McQueen; umpires Jas. McDonald and J. C. Kinnaird; Executive committee, W. G. Ibbotson, J. L. Studholme, D. Galbraith, W. Webb, T. M. Turnbull.

Police Hudson Bay

Captain Walk Returns From Four Months' Trip in Northern Wilds Establishing Pioneer Posts

Captain Walker of the Royal North West Mounted Police arrived in the city last night from a four months' trip in the country between Lake Winnipeg and Hudson's Bay where he has been establishing police posts to cover that territory.

Captain Walker established posts at Pitt Lake, Cross Lake and Norway House and the intention is to keep up regular monthly communication between the Mounted Police patrol on Lake Winnipeg and the detachment stationed at Churchill on the Hudson's Bay. Patrols will also connect with the C.N.R. which is being built toward James Bay. The distance from Norway House to Churchill is close to 500 miles.

Captain Walker believes that the James Bay country has great mineral possibilities and prospectors are already going into that country from Winnipeg and Ontario points. Fort Churchill is also reported to have unlimited coal fields.

Three Drowned

Steamer Sunk in Collision on the Ottawa

(Bulletin Special)

Ottawa, Sept. 27.—As a result of the collision between the passenger steamers Maude and Ottawan on the Ottawa river today, three persons are dead. The Maude sank immediately. The dead are Miss Maggie Benson, stewardess on the Maude, Engineer Pattry, of the Maude, and J. Barrett, of Montebello, Que., a passenger. The Ottawan was not damaged.

Winnipeg, Sept. 27—The highest offer made for a million dolars worth of municipal bonds is 96, two points lower than was offered last spring. The offers will be submitted to the finance committee tonlorrow. Offers have been received from New York and other points but the one quoted is the highest.

WINNIPEG WAREHOUSE DAMAGED.

(Bulletin Special).

Winnipeg, Sept. 27—Fire broke out in the Boyce Carriage warehouse, Ross avenue tonight. It started in the basement and worked through the heading flue to the fifth floor. The department did excellent work and within an hour had the flames under control, never having allowed them to break through the walls. A heavy wind was blowing at the time. The warehouse was completed last season at a cost of thirty thousand dollars. The damage is about four thousand, chiefly to contents and fully covered by insurance.

JOCKEY CLUB STAKES

London, Sept. 27.—The jockey club stakes of 10,000 sovereigns, distance one mile and three quarters, was run today at Newmarket. Beppo, at 2 to 1, was first; Keystone, at 9 to 2, second; and Plumtree, at 9 to 2, third. Five horses ran.

EAST ELGIN CANDIDATES

St. Thomas, Ont., Sept. 27. — David Marshall, Conservative, and Granville Hight, Liberal, were nominated today as candidates for East Elgin. The election will be held October 4 to fill the vacancy in the House caused by the appointment of B. Ingram to the

ACCIDENT NARROWLY AVERTED

(Bulletin Special).

Winnipeg, Sept. 28—A St. Boniface car left the rails on the approach to the Main Stret bridge. A wheel went over the side of the bridge, but the dynamo caught in the planking stopping the car, which otherwise would have taken a drop of 11 feet. No person was injured.

Bored Through Salt

Oil Drillers on the Athabasca Struck a Strata Ninety Feet Thick

(Bulletin Special)

Athabasca Landing, Sept. 28. — Oil work at McMurray is proceeding rapidly. A few hundred feet have been bored. Mr. Benetto, manager, states that while boring they struck one strip of ninety feet of first class salt. Afterwards they went through twelve feet of hard rock and then struck again sixty feet of salt. Reports of oil discovery have reached the Landing.

Seeking Information on Canadian Trade.

(Continued from Page One)

of thought which but few Englishmen possess.

As Mr. Grigg says it is not the purpose of the Imperial government that old country manufacturers should invade the Canadian market and take trade in articles which Canada already manufactures, but to find out what Caanda wants which she does not manufacture and to try to promote trade in such lines.

In Western Canada he wants to learn what goods there are consumed by the farmer, the rancher, the miner, the lumberman and the fisherman which Canada does not manufacture and which England can supply. Also what the trades in Canada have that might be made a return freight in the shape of raw material. He is also to learn in what manner the old country tradesman can best get in touch with the Canadian trade; whether by establishing warehouses in centres such as Edmonton or by appointing agents; changes will have to be made in their method of manufacture and in their style of doing business; that is to say, to be able to report intelligently, accurately and concisely what the Canadian trade methods are and wherein they differ from the English methods and what advantages, if any, the American manufacturers have in competition, either geographically or otherwise.

In describing the duties of his mission Mr. Gregg said:

"I think it desirable to point out the difference between the words 'board of trade,' as used in England, and in Canada. H. M. board of trade is in England, a department of the government, with a minister (Right Hon. Lloyd-George) at its head, and what are known here as boards of trade, are in England chambers of commerce.

"Briefly stated the duties which have been laid upon me, in conducting a commercial mission are as the main object of enquiry: (1) To ascertain and investigate those trade openings if any, which have usually been filled with foreign goods, with a view to showing (a) whether British goods are gaining or losing ground in the Canadian market, (b) in the latter case the reason for the success of the foreign competition, and (c) any steps which British traders may take in order to effectively meet such competition. The second object is to ascertain the names and other requisite particulars of responsible and intelligent men in the Dominion, say one each in Ottawa, Halifax, St. Johns, Hamilton, Quebec, Montreal, Toronto, Winnipeg and Vancouver, who will be willing to act as correspondents of the intelligence branch of the board of trade, with a view to the branch being kept posted in all matters of interest to British trade.

"In the discharge of my duties, I have no politics and no opinion to express upon the burning question, which sharply divides men of equal eminence, equal ability, and equal sincerity. Mistakes I know I will make; but one mistake I will avoid, and that is overconfidence. I approach my task conscious of its difficulty, and with no small amount of diffidence. I hope for the assistance of many men, of wide experience and great ability, who conduct the business life of this country. I am grateful for the help promised me by the interest in the mission, of which I find evidence on all sides."

Mr. Grigg is anxious to meet anybody and everybody in Edmonton who can give him information a sto the possibilities of Canadian-British trade. He is spending the day among the wholesalers of the city and will go down to Red DDeer this evening to meet the manufacturers' excursion and come back with them.

Telegraphic

TENDERS FOR G. T. P.
(Bulletin Special).

Ottawa, Sept. 28—It is understood that the Transcontinental Railway Commission is arranging to call for tenders for about five hundred miles of the road. There are now 400 miles under construction. Tenders will be called for the 500 miles in November or early December. By that time the surveys will be completed. The sections for which tenders will be called are as follows: 1st, Superior Jct. eastward; 2nd, La Tuque westward; 3rd, Quebec eastward; 4th, two hundred miles east and west of Lake Abitibi, which will make 500 miles in all.

FORTY YEARS IN SERVICE.

OPPOSED TO THE CHANGE.
(Bulletin Special).

Halifax, Sept. 28—Halifax citizens are indignantly protesting against the proposal that during the coming winter season steamers proceed direct to St. John to land the Allan boats remaining at Halifax and not going to St. John at all.

WESTERN CROP REPORT.
(Bulletin Special).

Ottawa, Sept. 28—The trade and commerce department has received a report in which the wheat yield in Manitoba, Alberta and Saskatchewan is placed at 85,000,000 bushels from 7,500,000 acres It is said that the yield would have been considerably larger but for the hot wave in August which was very severe. About six millions of the new crop have been inspected. Of this 25 per cent. is No. 1, 40 per cent. No. 1 northern, 15 per cent No. 2 northern, or 80 per cent. of the yield is high grade.

FORESTRY CONVENTION IS UNDER WAY.

Vancouver, Sept. 26—The Forestry Convention opened this morning with a large attendance. Earl Grey was present and delivered an address.

NO "TERRORS" FOR HIM

Fort Saskatchewan, Alta., Sept 27th.
Editor Edmonton Bulletin.

Sir:—I have a copy of the "Daily Mirror" containing the article headed "Terrors of Farm Life in Canada," and also your comment upon it. It is quite true that such an article could do no harm in Canada, but there is no limit to the harm it may do, when published and scattered broadcast among among possible immigrants by a paper whose publications are accepted as facts and authority. The average Britishers idea of Canada is a wild country, where people live after the style of Robinson Crusoe or Buffalo Bill and any report fostering such ideas can only have one result among intending Emigrants and for the benefit of Canada other immigrants and himself, the author of that article deserves another dose of cowhide (not soup this time) before being returned to the much needed care of his mother in England.

After six years spent in this beautiful country, I have yet to sample any of the "Terrors of Farm Live in Canada."

Very sincerely yours,
HERBERT L. MATLING.

MILLINERY OPENING

MISS ELMER will hold her fall Millinery Opening Friday and Saturday, Oct. 5 and 6, when all the newest styles in Paris and New York patterns together with the cainty creations made in our own work-room under the careful supervision of Miss Harris, who is again in charge. PUBLIC NOTICE.

The attention of all owners or occupants of property in the City is called to the following provisions of the Noxious Weeds Ordinances:

"4. Every owner or occupant of land shall destroy all noxious weeds thereon, and if he makes default in so doing he shall be guilty of an offence, and on prosecution therefor by an overseer of the local improvement district or by an Inspector or other officer under this Ordinance, shall on summary conviction thereof be liable to a penalty not exceeding $1000.00 and costs.

The necessity of inforcing this has been called to the notice of the Council of the Department of Argiculture with the object of the City co-operating with them in their endeavors to prevent the spread of these weeds from the Cities and Towns to the grain growing districts.

Tells of Alberta

Dr. Gaetz Tells an Eastern Paper of the Conditions in Alberta

The Montreal Witness, in a recent issue, contained a very interesting interview with Rev. Leo Gaetz, of Red Deer, concerning Alberta.

In the course of the interview the reporter asked whether the high hopes he had frequently expressed of the progress and productiveness of the country had been realized.

"Emphatically yes," he replied. "More than realized. The development has been far more rapid and substantial than I ventured to dream it could be during my first ten or twelve years of my residence in Alberta. I have seen my old homestead of 1884 develop into a modern up-to-date town, with water works well advanced, a sewer system just under way, two efficient telephone systems, and a most satisfactory electric light plant; elevators, sawmills and grist mills, stone and brick churches and a six-roomed brick school which has long since been too small for the school population, so that now an eight-room brick and stone school is in course of construction, the contract price being $36,000.

"Were the crops good throughout the province generally this year?"

"The crops, as far as I have observed were remarkably good in some sections exceptionally good. Of course in the newer sections, where as yet the land cannot be said to be cultivated, the seed was rushed in on spring breaking, or on the late fall breaking of the year before, which is worse still, and the straw was short for there was practically no snow last winter, and much less than the average rainfall during July and August. But the farmers themselves are too intelligent to expect much from such hasty and imperfect cultivation, and are not disappointed. If the agents of the government who make up our agricultural bulletins were equally considerate, they would not figure the products of these practically uncultivated areas into the data from which they strike their average yield, and the public would be spared the misleading and damaging statements of oats, for example, averaging in certain districts twenty-nine bushels per acre. Such a small yield I have never known by experience or observation in twenty-two years' residence in the country.

Asked if prices would not rule low with such abundant crops all through the west the doctor replied:

"Doubtless grain buyers are reckoning on that possibility, but fortunately the farmers of Alberta are getting in a position in which they can afford to wait for a fair price. A year ago oats were quoted at 21 to 25 cents and wheat 45 cents. The majority of the farmers simply turned the key on their grain bins and later on the bulk of the oats sold from 30 to 35 cents and wheat at 55 to 67 cents."

"Is there much bad land in your district?"

"Well, I suppose there is some bad land in the best agricultural districts on earth. I certainly used to think, years ago, that there were considerable areas of inferior land, but of late years I have been so frequently compelled to change my opinion upon witnessing the result of cultivation upon these same areas that my mental condition is one of chronic optimism regarding all the land I once thought inferior. For example, there is a section of country lying between Olds and Calgary that when driving over it in my buckboard years ago, I found it scorched as brown as a berry in July and August. I made up my mind that that section of country was a good place for grain-growers to stay away from. And when settlers began to pour in there in the rainy seasons in 1900 and two following years I wasted a good deal of very generous sympathy upon them. I frequently heard it said, 'Wait till the dry years come and you will see those poor fellows pull out.' Well, we have had some pretty dry summers following a snowless winter, and on my way here I saw some of the grandest wheat fields I ever saw in any part of eastern or western Canada in those very sections."

"And how do you account for this as contrasted with the apparent barrenness of years ago?"

"The only reasonable theory to my mind is that the bald prairie, for centuries trampled by buffalo and annually swept by fire, became so parched and hard that very little moisture ever penetrated the surface. The melting snow and falling rain alike ran quickly down in the low places, forming the sloughs and holes everywhere to be seen in the earlier years. To-day these have almost entirely disappeared, and for no other reason that I can conceive than that the wide area of well-cultivated soil absorbs the moisture and retains it for the production of the splendid crops that are to be seen there today. I think there is good grounds for believing that, as these broad and apparently barren plains, which as yet are barely touched by the plow, are more widely and thoroughly cultivated, we shall see results we have not yet dreamed of."

"Do you share the fear sometimes hinted at that the American settlers may Americanize Canada?"

"I confess the thought has occurred to me, but on reflection, I see no grounds of apprehension on that score. I am satisfied that the great majority of these people are agreeably surprised at the larger and truer liberty they enjoy. They share with us the innate love of right and justice. Many of our institutions are the same as their own, and some, as they testify of their own accord, are better than their own. None appreciate more than they the swift justice meted out to law-breakers, because it better secures the life and property of law-abiding citizens and leaves no excuse for appealing to mob law. I am persuaded as the years go on, and we mingle with each other in the school, the church, the social circle and in the walks of commercial and industrial life, we shall come more and more to realize that we are brothers, of a common stock, with no occasion and therefore no disposition to disagree.

GRAIN FED CATTLE LEAD.

Calgary Herald— C. J. Creswell, ichief brand inspector for Alberta, was interviewed last night by a Calgary reporter regarding the cattle industry in Alberta. Mr. Creswell has been brand inspector for two years, and the last year was appointed chief.

During July, August, September and October of this year he estimates that the shipment should average 500 head daily and that the cattle being disposed of are a slightly better grade than last year.

Range cattle are singularly free from disease this year. It is a little to early to predict regarding mange but the outlook is very favorable for freedom from the plague.

The export market has been very firm for Canadian cattle. The demand is heavier than the supply. The prices now being paid for beef are about the same as last year's, but, judging from the demand they will surely not drop lower, and may probably be higher before the season closes.

The cattle being shipped from the north are a slightly better grade than the cattle from other localities owing to having been fattened in many cases by small farmers who have the time and the grain to put to that purpose.

As the years go on Mr. Creswell believes that the grade of Alberta beef will keep on improving, until our cattle will have the preference over all others. As he says, the big rancher is gradually being crowded out, and the small farmer is taking his place. The small farmer, with a bunch of cattle to sell, will take them up and fatten them on grain more and more of which is being raised here every year.

The range cattle fattened on grass will become a thing of the past and the Alberta grain-fed beef will be hard to excel.

Telegraphic

BOARD GETS BUSY.
(Bulletin Special).

Winnipeg, Sept. 27—The local board of trade today decided to take an active interest in the approaching civic election, more especially with regard to the mayor and board of control. They also have decided to use all possible influence at the coming convention of the premiers of the provinces to do away with interprovincial barriers and will move for Dominion registration of professions.

SMALLPOX IN WINNIPEG.
(Bulletin Special).

Winnipeg, Sept. 27—Two cases of smallpox have been removed from the isolaton ward of the General Hospital, and that whole section has been quarantined. The authorities are busy in trying to recover patients who have been released during the last few days.

FRIDAY, SEPTEMBER 28, 1906

THE CONFERENCE OF PREMIERS.

Early next month the Premiers of all the Canadian Provinces meet in Ottawa to confer with the Federal authorities on matters of common concern to the provinces and the nation. No program of subjects has been published and presumably the number and character of these, the order in which they will be taken up and the importance which they will assume will be left to be determined during the course of the conference. The discussion may therefore develop into a general survey of the whole range of the relations between the provinces and the Dominion, or may be limited to the few matters considered of most or most pressing importance.

Whatever subjects may or may not be discussed, however, one point is certain—that the provincial subsidies will occupy a prominent place in the program. Briefly this means that several, if not all, the provinces will combine in requesting considerably increased annual grants from the federal treasury. This grant is one of the distinguishing features between the Confederation of the Canadian provinces and the union of the states across the border, as the federal government of the United States makes no provision for funds for the State governments.

Under the terms of Confederation and of the several acts by which the newer provinces became members of Confederation the Dominion agrees to make to the provinces annual grants for carrying on the machinery of the provincial governments and of discharging the business falling within the powers and duties of those governments. This was one of the terms on which the older provinces originally entered Confederation and has been extended as a matter of equity to the provinces which have since been formed.

Three grants are made to each province. 1. An allowance for support of government and legislation. 2. A subsidy calculated on the population. 3. A debt allowance. Besides this New Brunswick receives an extra allowance for having relinquished an export duty levied by the government of the colony before Confederation; Prince Edward Island an extra allowance because she had no public lands from which to exact revenue; Manitoba in lieu of her public lands; British Columbia because some provincial lands were taken over by the Dominion, and Alberta and Saskatchewan in lieu of the control of their public lands. These grants constitute the main source of provincial revenues. In some cases, however, they have been found inadequate, possibly through a lack of economy on the part of the provinces themselves. In 1902 a request was made by the provincial governments for increased subsidies and it is expected that this request will form substantially the demand made at the forthcoming conference.

The totals of the grants to the various provinces for the last year for which records have been published were:

Ontario	$1,339,287
Quebec	1,086,713
Nova Scotia	432,806
New Brunswick	491,361
Manitoba	605,917
British Columbia	30,077
Prince Edward Island	211,932
Alberta	1,124,125
Saskatchewan	1,124,125
Total	$6,726,373

The increases demanded by the Provinces in 1902 were: 1. Large increases in the allowances; "for government and legislation"—from a total of $375,000 to about $1,280,000.

2. The subsidy to be 80 cents per head of the actual population until such population exceeds 2,500,000, and 60 cents per head on the excess.

3. The Dominion to pay to each province a sum to defray the cost of administering criminal justice, not to exceed 20 cents per head of the actual population.

This would make the grants to the older provinces under the proposed schedule:

Ontario	$2,565,361
Quebec	2,016,358
Nova Scotia	702,379
New Brunswick	687,585
Manitoba	808,947
British Columbia	454,808
Prince Edward Island	303,747

As Alberta and Saskatchewan had not been formed provinces they naturally did not join the demand for increased provincial subsidies in 1902, and as the census returns have not been published it is impossible to calculate how or to what extent the demand from the other provinces would affect their subsidies if applied proportionately to them. On the basis even of their present grants, however, the total subsidies paid by the Dominion to the Provinces under the increased schedule would amount to $9,787,436, or an increase over the present total grants of about $3,000,000 per year, or about 50c per head of the population of Canada.

CURRENT COMMENT

The alternative appears to be: Take down the sign or go down yourself.

Toronto Telegram: "The miracle is that "almost twenty years after the C. P. "R. is completed, the population of "Alberta and Saskatchewan is not $2,"000,000 instead of 445,000." Not at all a miracle—simply the law of cause and effect.

Calgary Albertan: "Once more this "Sherman person, who promotes strikes "among miners, and generally makes "trouble for honest men who work, has "fallen down. In Lethbridge he made "an alarming statement about the "information he possessed about the re"cent dynamite outrages. The city "council at Lethbridge took the man "at his word, or rather took up his "bluff and asked him to make good the "statements he had made. But when it "came down to delivering the goods, "Mr. Sherman has absolutely failed. It "is about time that the miners got ac"quainted with this Mr. Sherman. He "organized the strike in British Colum"bia, in which the strikers got beaten, "he then organized the strike in Leth"bridge, which has been a disastrous "failure. Men of the Sherman type are "no friends of the labor men." Mr. Sherman's latest performance has been to mismanage the Fernie trouble until the company refuses to take the men back even on the former terms and then to lay the blame for the misfortunes of the miners on some one else.

The Calgary Herald says: "Hon. W. "T. Finlay says he satisfied the people "of Lethbridge about those false crop "reports for which his department was "responsible, but the people of Leth"bridge have yet to be heard from." Had the Calgary contemporary taken the trouble to read the telegram sent Mr. Finlay by the Lethbridge Board of trade and published in the Bulletin on Wednesday, it might have been conveyed even to the comatose mentality of the Herald that the people of Lethbridge had been "heard from." It is doubtful however, for a journal which does not know that the Federal election laws are not made by the provincial government, is not likely to see daylight through a most clearly worded telegram, when the purport of the language is that said journal has been talking nonsense.

THE WEATHER.

Winnipeg, Sept. 28—The weather has ben fine and warm in Manitoba and most of Saskatchewan, in Alberta and northern Saskatchewan it has been cool. High winds have been general.

RAISED STIPENDS

Montreal, Sept. 27.—At the Methodist conference today it was decided to increase the minimum salary of married men to $800 and for single men $500. The attendance fell from 300 to 50 and the conference will probably conclude tomorrow. Two resolutions calculated to restrain the ministry from actively participating in commercial undertakings were voted down. The church law remains as it was, merely strongly recommending ministers not to engage in business.

Foster Disobeyed His Directors

Inside Details of Land Speculations I.O.F. Funds Revealed at Insurande Investigation. Many Leading Officers of the Order Interested. Hon. Robert Rogers Shared in the Profits

Toronto, Sept. 27—Dr. Oronhyatekha's evidence was closed temporarily this morning in order to allow Shepley to carry his investigation into the land speculations undertaken with funds of the Independent Order of Foresters, the details of which were not known to the supreme chief ranger. Before leaving the stand Oronhyatekha admitted under pressure that Hon. Mr. Foster had, as manager of the Union Trust Co., made investments contrary to the instructions of the directors.

Elliott F. Stevenson, supreme councillor of the I. O. F., who has recently been giving personal attention to financial interests of the I. O. F. on the Union Trust board, testified that enormous sums had been locked up in lands in the northwest. He told the story of re-conveyance of lands acquired by the Montague syndicate and told of another syndicate, which he had been invited to associate himself with, formed to speculate in property with funds to be borrowed from the Union Trust Co. Messrs. Cormick, ex-M.P., and Irwin and G. W. Fowler, M.P., were interested in this syndicate, together with some of the supreme court executive and Mr. Foster.

DIDN'T DIVIDE UP FAIRLY.

When the noon adjournment arrived Stevenson had not completed his story of the transaction by which Messrs. Fowler, Rufus Pope, W. H. Bennett, M. P., A. A. Lefurgey, M.P., and others purchased two hundred thousand acres of land in the northwest, which were turned over at a profit of $1.00 per acre to a syndicate composed of Foster, McGillivray and Wilson, who turned the same land over to the Great West Land Co., a subsidiary concern of the Union Trust Co., at a further advance of fifty cents an acre. This is the transaction which was aired in a debate at the last session of parliament, a suit having been entered by Bennett and Lefurgey, who contend that their colleague in parliament, George T. Fowler, and their former colleague in the house, Mr. Rufus Pope had not divided up the profits on the deal fairly.

In reply to Mr. Shepley, Dr. Oronhyatekha said he had donated the site upon which the Orphans' home was located on Foresters island to the I. O. F., and subsequently conveyed the whole island. There was an incumbrance of $100,000 on the island which he intended to clear off.

ALEXANDRA PALACE ACCOUNT.

As to details of the Alexandra palace accounts, Oronhyatekha was unable to give any information. He said he knew nothing at all about the beginning of transactions of the land company of which McGillivray and Foster had charge. He said there was a syndicate in which McGillivray, Foster and Matthew Wilson and himself were interested and there may have been some others, but he did not know their names at present. The object of the syndicate was, as in the Montague Syndicate to buy lands and sell them at a profit thereby making money. The Union Trust Co., he understood, would loan money to the syndicate to enable them to carry on speculation. He could not say whether the Trust Co. was to put up all the money, and could not give any information regarding details. At one time one hundred shares in the Great West Land Co. stood in his name, but he had them re-conveyed to the I. O. F. which meant the Union Trust Co., so that the beneficiaries of the order would get the benefit of them.

A SURPRISING TRANSACTION.

"If it turned out that your interests were just handed over to the syndicate, that would surprise you?" suggested Mr. Shepley.

"Oh, yes, I remember now; it was conveyed to the benefit of the persons I did not intend should have it, and when it came to my knowledge—"

"To whose benefit was it conveyed?" broke in Shepley.

"Well, I heard it was conveyed to members of the syndicate, but I have not any knowledge of it. However, when I returned from India, I was told that members of the syndicate had converted these shares to themselves, and I wrote to Wilson telling him that I had no such intention in re-conveying the property."

Dr. Oronyhatekha promised to produce the letter and to search for the correspondence.

FOSTER DISOBEYED DIRECTORS

"It seems rather a pity that you were not looking after the affairs of Union Trust Co. personally," suggested Shepley.

"Well, things were done that would not have been done if I had been in direct charge," was the reply.

Mr. Shepley pressed for an enumeration of those things, but Oronhyatekha protested, as they were merely his pivate opinions, he should not be asked to give them.

Counsel insisted, however, and the doctor said that in the general way the directors had given certain orders and Foster disobeyed them. The directors ordered that non-dividend paying stocks should not be purchased and Foster had purchased some railway stocks of that character. In addition to the $958,000 referred to, there was a further large amount of I.O.F. funds locked up in the northwest in the same sense that money of the order was locked up in mortgages. The doctor explained that the Union Trust Co. had acquired the Kamloops Lumber Co.'s sawmills and limits for the order and a large sum of money was put into that concern on which, in his judgment, large profit could be made. As he had no knowledge of details of this and other transactions, Oronhyatekha was excused from further attendance for the present.

WHY HE WAS APPOINTED.

The appointment of Hon. Geo. E. Foster as manager of the Union Trust Co. was discussed by the supreme chief ranger, the supreme secretary and himself. One great qualification urged in Foster's behalf was that he had been, as finance minister, conservative even to the point of cheeseparing in the matter of expenditure. This came out in the evidence of Elliott R. Stevens, supreme councillor of the I.O.F. since August, 1898, who was the next witness and who explained that his duties were to look after the legal business of the order.

In addition to the capital stock, $2,000,000, $750,000 of the Order's funds have gone into the hands of the Union Trust company, practically all the accumulation since the supreme court ratified the agreement with the loan company.

The first of several transactions which came to his personal notice in connection with the Union Trust Co. was a proposition involving the investment of several hundred thousand dollars in some valuable Quebec timber. The suggestion was that McCormick and Irwin, men of substance, would join with Fowler and provide forty-nine per cent. by giving their personal security and that syndicate should furnish fifty-one per cent. The proposition was made to him when Foster, Mathew Wilson and McGillivray were present and the idea was that they should form the syndicate. The whole of the money was to be provided by the Union Trust Co. The witness objected to the proposition on the ground that they were trustees for the Foresters, but conceded the point that the Union Trust Co. might undertake the transaction directly. Directly after the inspection of the latter, however, the proposal was not carried through. At this time the witness was not aware of the Montague syndicate and corroborated Oronhyatekha's testimony of what took place in that relation.

FOSTER WANTED REMUNERATION.

At a later period he, in consequence of the instructions of the supreme chief ranger, had a conversation with Hon. G. E. Foster upon the subject of conveying the lands covered by the

Foster Disobeyed his Directors

(Continued from Page Five)

transaction to the company for the I. O. F. Foster contended that it was treating him unfairly, urging that he had no connection with the Foresters as had the other members of the syndicate, and therefore such equity as there was in it he felt he was entitled to. His compensation as manager of the Union Trust Co. was small and he felt he was entitled to what over margin of profit there was in the transaction. Ultimately, however, Foster joined the others in re-conveying the land. Stevenson related the various steps which were taken in finally disposing of those lands.

It was at first decided to form the Western Settlers' Land concern, and the Union Trust Co. subscribed $100,000 stock in that company, to take up lands in the Northwest. The Foresters had in the end an interest in about four hundred thousand acres of land in the northwest involving about $2,000,000, and it was thought best to release it as soon as possible. In consequence of the agitation against the increase of the subsidiary companies, it was decided to abandon the colonization scheme which had been formed. The land was taken over by the syndicate formed of Dr. Montague, Messrs. Kitchen, Jackson, Gauld, Biggar and John Montague, who purchased them at $6.75 per acre. Subsequently the syndicate sold the lands en bloc at $8.40 per acre.

The Union Trust Co. had made a profit of $118,000 on the transaction. The Foresters had received their cash in full with interest, the last $110 only having been received within the last ten days.

MONTAUE DISAPPOINTED.

In reply to questions asked by Mr. Shepley, at the request of Wallace Nesbitt, K.C., Mr. Stevenson said Dr Montague had been disappointed when it was decided to take the back track and abandon the colonization scheme, which he was confident would have given a profit to the Order.

Before taking up the details of the Great West Land Co.'s business, Mr. Shepley asked the minute book of the Union Trust Co. and other documents in relation thereto, be produced.

Wallace Nesbitt, K.C., objected to the request on the ground that the private business of the other gentlemen besides those who were connected with the Foresters should not be exposed. Ultimately Mr. Shepley decided to proceed farther before insisting and at a latter stage of the enquiry it was agreed by Messrs. Nesbitt and DuVernet that copies of the minutes relating to the questions under investigation should be produced.

THE GREAT WEST CONCERN.

Mr. Shepley then questioned Mr. Stevenson in relation to the formation of the Great West Land Co. and the transaction which figured prominently in the debates of parliament in the last session in which G. W. Fowler, M.P., Rufus Pope, ex-M.P., W. H. Bennett, M.P., A. A. Lefurgey, M.P., and another were interested was subject to inquiry. The Union Trust Co. had up to a certain time last year, when Mr. Stevenson investigated the account, advanced $337,000 to Messrs. Pope and Fowler to pay upon the purchase of certain lands and about $500,000 more was involved under the agreemnt that the Union Trust Co. should advance money to buy property.

SOMEWHAT COMPLICATED.

The statement was made that the land would all be sold and the account closed in six months, but nothing had been done. The witness then insisted that the Union Trust get the first claim on the property and his request was acceded to. These transactions Mr. Stevenson explained were somewhat complicated. Under the Pope-Fowler contract those gentlemen purchased 200,000 acres of land in the Northwest at $3.50 per acre, which ed of Hon. Geo. E. Foster, Col. McGillivray and Mathew Wilson, K.C., at $4.50 per acre. That syndicate turned the land over to the Great West Land Co., a subsidiary company of the Union Trust Co., adding another 50 cents per acre to the price. The original syndicate, Pope-Fowler & Co., got $150,000 in cash and took $50,000 in stock in the Great West Land Co. When these gentlemen found the Foster-McGillivray-Wilson syndicate made 50 cents per acre on the turnover of the land, they demanded more and were given another $5,000 stock in the company. Of the increased price, 237½ shares were transferred to the Union Trust Co., and $100,000 to Dr. Oronhyatekha, which he understood was practically L. O. F., Foster, McGillivray, Wilson and Chancelor Boyd, a majority of the directors of the Union Trust Co., are, Mr. Stevenson said, directors of the Great West Land Co.

Whatever holdings that company may have they had all, so far as he knew, been acquired by the use of the moneys of the Union Trust Co. At one time the Foresters, through the company, had control of 400,000 acres of land in the Northwest.

GEO. E. FOSTER SWORN.

Hon. Geo. E. Foster was sworn after lunch and said that the minute appeared on record of the Union Trust Co. directorate, giving instructions that an agreement be prepared and entered into between the company and himself at $4,000 a year from January 1 to March 1, 1902, and thereafter at $5,000 for five years. These instructions, however, were never carried out. The agreement was in reality a verbal one, made at a conference between Dr. Oronhyatekha, McGillivray and himself, at which it was also agreed that he should have considerable freedom of action with regard to the business with which he had become connected, and that he should be at full liberty to follow his public career as a politician.

WAS THE CUSTODIAN.

As secretary of the Great West Land Co., Mr. Foster said he was the custodian of the books and papers of that company. He had various documents, including the agreement or option for the purchase by Messrs. Pope and Fowler of land from the C. P. R., dated April 24, 1905, and numerous agreements in connection with the transaction as it passed through the various stages.

Mr. Shepley asked that he produce all the documents relative to the syndicate spoken of in the investigation.

Mr. Foster replied that he had no authority from the company to produce any books, and he would not care to produce them unless he had authority from the company to do so. He had no other wish or intention than to assist the commission to get whatever legitimate information they need. Beyond that, he did not consider he had any right to go in relation to the company's business.

A GOOD THING.

In reply to a question by Mr. Shepley, Mr. Foster positively declined to produce the stock book of the Great West Land Co.

"I hope you do not want to take the attitude that nobody in this country is above the powers of a royal commission?" suggested Mr. Shepley.

"Not at all within the powers of the royal commission," was the reply. Mr. Foster then sent for the documents which were produced in court.

Mr. Stevenson re-entered the box and Mr. Shepley formally put in some of the documents which had been produced. The charter of incorporation of the Ontario Farm & Town Sites Co. was dated March 25, 1903, of which the provisional directors were Messrs. Boeckh, Diver, Boisseau, Vadusen and Kydd. The original exclusive option given by the C.P.R. to May 15, 1903, to Rufus H. Pope and Geo. W. Fowler for 200,000 acres of land at $3.50 per acre was read by Mr. Shepley. On June 3, 1903, the directors of the Union Trust Co., Dr. Oronhyatekha, Sir John Boyd, Geo. E. Foster, Col. McGillivray and Col. J. I. David-

Farm & Town Site Syndicate Co., not exceeding $140,000, the Union Trust Co. to have the option of taking fully paid-up stock and to receive 237 shares of $100 par value in the capital of the company.

Another agreement provided that a land company was to be formed and the land transferred to that company at such terms as would allow a syndicate composed of Messrs. Foster, McGillivray and Wilson to receive $95,000 in fully paid-up stock of the company over and above all the costs in connection with the transfer. By the later memorandum, 100 shares of the New Ontario Farm & Town Sites Syndicate Co. were distributed as follows: Shaw 16, Murray 16, Vandusen 16, Dale 16, Dinnick 16, J. A. Curry 5, Kydd, 15. The minutes of the New Ontario Farm Co. showed that the offer of Geo. E. Foster to sell to the company an option transferred by Pope and Fowler to the Union Trust Co. for 1600 shares of stock in the company was accepted. The offer provided that ten shares each be allotted to Messrs. Wilson, McGillivray and Foster, the other 970 being transferred to the Union Trust Co. The old directors of the company resigned and Col. McGillivray, Hon. Robt. Rogers, Hon. Geo. E Foster, Sir John Boyd, Mathew Wilson, and G P. Scholfield were elected. An agreement approved of by the board set forth that Messrs. McGillivray, Foster and Wilson, as owners had a one-half interest in the Pope-Fowler option, that they had arranged to secure one quarter interest for the Union Trust Co. as bankers, and the remaining one-fourth was to go to the shareholders.

The owners received 445 shares, representing $44,500. Hon. Geo. E. Foster received 17½ shares, Col. McGillivray 10, Matthew Wilson, K.C., 10, Union Trust Co. as bankers 237½ shares, Dr. Oronhyatekha, Sir John Boyd, Hon. Robt. Rogers and Geo. P. Schofield received 100 shares each and the old shareholders received 100 shares of stock, all Pope and Fowler 50 shares, according to agreement.

"ANOTHER" AGREEMENT.

Mr. Stevenson, in reply to Mr. Shepley, said Messrs. Foster, McGillivray and Wilson in the transaction apparently "closed" to themselves $1,750, $1,000 and $1,000 of stock respectively, which were not included in the trusts. This agreement was not signed by Dr. Oronhyatekha or Hon. Mr. Rogers. At a later stage Messrs. Pope, Fowler ad Lefurgy were added to the board directors and on July 21, 1903, an order-in-council authorized the change of name of the company to the Great West Land Co. An agreement was also adopted providing that Messrs. Pope and Fowler should convey direct to the New Ontario Co. in stead of the Union Trust Co. At this point Mr. Shepley rested his examination.

NEW EXPERIMENT

Calgary Albertan:—The meeting of the finance committee which was held one night towards the end of last week in the office of John S. Hall the chairman of the committee, was not the innocent harmless session that it was pretended to be. The calling of the meeting was somewhat unusual. The meeting was called quietly, and for the office of the chairman and not at the council chamber or any of the municipal offices, as is generally the case. The mayor who is a member of all committees, expecting that the meeting would be in the regular place went down to the office of the clerk and remained during the evening engaged in the somewhat prosaic work of signing debentures.

At the conclusion of the meeting a representative of the Albertan, having accidentally learned of the meeting called up the chairman and was informed that although there had been a meeting, that there was nothing doing at all, and that some of the members of the committee had met to talk over a few things.

At this late season of the year, with only a few weeks more to go, when everything is pretty well set for the end of the season, Alderman John Hall, chairman of the finance committee, has contrived a scheme to revolutionize things in the city hall.

He proposes to turn things upside down and inside out. His plan is to place practically all the work of the departments under the supervision of the city treasurer. The city clerk, who is now assisted by a chief clerk and two other clerks will be relieved of nearly all the work now done by him and will do little more than record the minutes of the council meetings. He is to have the assistance of a stenographer.

The city solicitor who has been city comptroller as well will be city solicitor and nothing else. His day of controlling the expenditure will, according to this plan, be at an end soon.

And everything will be under the control of the city treasurer, who will be assisted by most of the staff. All the work of paying out and collecting in shall be his. He shall in addition to being treasurer also be controller.

Some of the aldermen are somewhat surprised that this change should take place at the end of the season, when the work of the year is pretty well at an end. Besides, some of the work that it is proposed to shift to the treasurer, according to the charter of the city must be done by the city clerk.

The matured scheme will be placed before the members of the council at the next meeting.

It is a proposition that will bear watching.

Vermilion News

Great Building Activity. Fair will be Held Next Week.

Vermilion Sept. 26.—Vermilion is progressing wonderfully. It has been described as "The Bull's Eye of the famous Saskatchewan Valley and the Vermilion District" and the "Hub of the famous Vermilion Valley." It is also the only divisional point on the C. N.R. between Battleford and Edmonton thus enjoying the benefits of a large railway business. These should be enough to ensure the future progress of the town, but there should also be taken into consideration the wonderful fertility of the soil which is second to none and particularly adapted to agriculture and grazing, the high class of settlers coming in, and the extent of country still available for settlement. The Vermilion Valley is one of the best farming and grazing districts in Alberta. A year ago the site of the town was virgin prairie, today there is a young city with dozens of business blocks, three fine hotels, railway depot, rou l house and shops and various smaller industries, two churches and nice residences. The real estate offices are busy, the demand for farm lands is very brisk and the land guides are busy as nailers, showing investors over the choicest sections of the country.

Business is very active. The Brunswick House is nearing completion, a big two storey addition to their premises. W. J. McNab has completed a fine business block and is now occupying his new premises with a complete stock of merchandise. Brimacombe Bros. are making preparations for a two storey block 50x60 feet on the site now occupied by the post office, barber shop and their stationery store. E. Dimmel & Co., tailors, will have their block to be occupied as a tailoring shop and residence ready in a month. Stephens Bros., Massey-Harris and Frost & Wood will all have their warehouses completed soon and the Western Canada Trading Co. are making great changes, extending and remodelling their stores and warehouses.

Messrs. Heath and Howard, formerly of Huntsville, Ont., have purchased the business formerly conducted by A. E. Hiscox and are going into the furniture and hardware business.

A big deal was made yesterday by which W. H. MacBeth of Edmonton, acquired the Brunswick one of the best hotels on the line. D. W. Alton, the former proprietor will take a trip to Dakota and on his return will go into real estate. Frank Murray will be the manager of the hotel as usual.

Vermilion has probably more organized institutions than any other town of its age in the world. They are ahead of Vegreville in that they had Vthelr mayor and councillors elected five days ahead. They showed the right spirit by electing by acclamation on Wednesday Sept 19. For mayor, M. A. Brimacombe, for councillors, Dr. G. W. Ryan, W. J. MacNab, H. N. Stephens, W. B. Cameron, H. W. Brown and O. Baker. The new city fathers lost no time in getting to work and already they are making plans and preparing to look after the wants of the town. It is intended to utilize the unoccupied strip of land bounded by Alberta avenue on the west, Bulyea avenue on the east, First street on the north and the C.N.R. on the south as a city park and recreation grounds. The C.N.R. has agreed to furnish the water and a number of hydrants will be placed to insure better fire protection.

The town is well supplied with the best of water. A number of wells have been bored and two or three hundred yards away are a number of boiling springs with a great flow. They are on the banks of the Vermilion and the C.N.R. has installed a pumping station, forcing the water into their tank or tower and all that is required is to attach the hydrants to the pipe.

There are two churches in the town the Methodist and Presbyterian. The finishing touches are now being put on the New Presbyterian church and the formal opening takes place next Sunday. There is also a large following of both the Baptist and Anglican faith but they are as yet without houses of worship of their own, although they are holding services. Revs. A. R. Aldridge, Wm. Simons, W. E. Gilbert and F. R. Dodds are the Methodist, Presbyterian, Anglican and Baptist clergymen respectively.

Vermilion can boast of a board of trade who are zealously promoting the interests of the town. The officers are A. C. Brown, President; H. N. Stephen, vice-president; W. C. Craig, secretary. Still another association is the Athletic Association, of which Dr. Ryan is president and Norman Murray secretary-treasurer. Mackenzie & Mann has promised a fine site near the centre of the town for a half mile track and athletic grounds and when things go going Vermilion should be a great sporting centre.

The Vermilion and Cold Lake Co. have applied for a charter to run a road from Vermilion north east to Cold Lake a distance of about 125 miles. Cold Lake is famous for its fish and the road would pass through a fine district all the way. If successful in obtaining the charter operations will commence early in the sprinf.

It is rumored that the G.T.P. intend running in a spur Vermilion as soon as their main line is graded.

One of the needs of the town is a land office, either head or sub office. At present homesteaders or those taking up claims have to go to the sub-office at Lloydminster or the head office at Battleford. A petition has been forwarded to Ottawa to have a land district created of portions of the Battleford and Edmonton districts with the head office at Vermilion. Incoming settlers would find this a great convenience.

The first annual exhibition held under the auspices of the Vermilion agricultural society will be held at Vermilion on Monday and Tuesday, October 15th and 16th. Such an announcement should creat the widest interest among the many farmers of the Vermilion Valley and in the town along the C.N.R. Already entries are pouring in and everything points to pouone of the most successful fairs ever held in Alberta. The prize list as published by the directors is an unusually generous one. The stock exhibits will be particularly interesting as the grazing lands of the Vermilion country produce splendid stock. The officers of the association are- A. W. Roseboroguh, president; D. B. Winters, 1st vice-president; H. N. Stephens, 2nd vice-president; P. G. Pilkie, secretray-treasurer.; A. W. Roseborough, D. B. Winters, H. N. Stephens, T. H. Brown, Geo C.. Powell., Geo. Oliver, Jas. Common, W. E. Sutton, John Thompson, J. W. Graham and W .A. Reid, directors.

Vegerville Items

Edmouton Men Purchase the Mount Pleasant Addition

(Special Correspondence)

Vegreville, Sept. 26.—The municipal elections were held Monday, in which there was a full vote polled. The results were as follows:

For Mayor—William Clements.

For Councillors—William Mackenzie, A. M. Thompson, Daniel Trump, Geo. W. Abbott, A. H. Goodwin, Chas Gordon.

This week on Thursday and Friday will be held the fourth annual fair of the Vermilion and Beaver Lake agricultural Society, and it promises to be the largest and best fair ever held by this association. There will be many features of interest aside from the usual entries of live stock, grains and vegetables.

The association have prepared a good half mile track for the horse racing and there are some of the best horses in Northern Alberta entered for these races.

There will be a blue lodge of Masons installed here on Thursday evening. The Grand officers and visiting brethren will be given a banquet after installation.

Mr. William Parker has completed his grain elevator which is one of the best on the Canadian Northern Railroad and is equipped to handle this year's crop.

We learned today of one of our enterprising farmers who raised 1625 bushels of oats from twelve acres.

D. R. Davis, of Winfred, South Dakota, is erecting a grain elevator with a 30,000 bushel capacity, and expects to make this his permanent home and will bring his family here in about thirty days.

There was a large real estate deal here today, Messrs. Bowen and Dagendoffer selling their entire interest in Mount Pleasant addition south of the town, to Messrs. Roy, Laurencelle and Lessard, of Edmonton. This property adjoins the Harris sub-division, which is considered the choice residence property of Vegreville.

Mrs. Trenhold, formerly of Lincoln, Nebraska, is erecting a residence on the corner of Third avenue and First street east.

C. D. Smith, of Orient, Iowa., who has made some largge purchases of land through the Alberta Land & Loan Co. returns to his home tonight. He will arrange to move with his family to his farm here in February next. Mr. Smith is an extensive breeder of horses and cattle in the states and will follow that line on a large scale here. He says that he never saw a better country for raising and fattening stock and is very enthusiastic over the outlook for this country.

A. I. Walker, who has been indisposed for several days and confined to his home, is much better.

S. Grose, who has been seriously ill at the Alberta hotel is slightly improved.

Mrs. McAllister of Edmonton, is visiting her daughter during fair week.

Vegreville has more good lane tributary to it than any other town along the Canadian Northern Railway, west of Manitoba. It will never stop growing until it has reached ten thousand population, because it has the country around it to make its townspeople to that number rich and prosperous. You can convince yourself that this is so by driving in all directions, and carefully observing the land ,and asking the people where they trade and you will be convinced that it is the natural trading centre for a scope of rich territory so great that it proves the above assertion conclusively. MAKING THIN CHILDREN FAT

A child may be getting plenty of food—and getting NOTHING OUT of the food.

It's what the system assimilates that builds up and strengthens. A pale, thin, listless child is starving for proper food.

Orange Meat

is the food that every system can assimilate. It contains MORE dextrin and maltose (wheat sugars) than any other cereal.

Practically every spoonful of ORANGE MEAT means that much good, red blood—sturdy strength—power and vigor. And children will be as fond of ORANGE MEAT NEXT YEAR as they will be when you have it to-morrow.

Sold by all grocers in 15c. and 25c. pkgs. Every 15c. package contains a coupon, good for valuable premiums. 25c. or "Jumbo" package contains 3½ times the quantity of 15c. size. Write "Orange Meat, Kingston" for new premium catalogue.

LOCAL ITEMS

—Crist, the Calgary baseball pitcher, is in the city.

—The Molsons Bank is open Saturday evenings from 7 to 9 p.m.

—The Union Bank will be open for business on Saturday evenings from 7 to 9 p.m.

—S. Nankin, optician and jeweller, Jasper avenue, has just returned from a trip to New York.

—Monday is donation day at the city hospital, when contributions of money or useful articles will be gratefully received.

—The Ladies' Aid of the City Hospital will meet on Monday at 2.30 p. m. in All Saints school room.

—F. E. Good and L. E. Goodridge left this morning for a shoot at Lac Ste. Anne. They went out in their automobile and "trailer" which consisted of a cart tied behind the autocar carrying their canoe.

—Rev. Dr. William Moore, secretary and lecturer of the Canadian association for the prevention of Consumption and other forms of tuberculosis, will lecture on the Cause and Prevention of Consumption in the Norwood block, Saturday, Oct. 6th.

—Mr. Corbet L. Durie, of Lacombe has opened a law office in this city in the Northern Bank building, he will still keep a branch office in Lacombe. Mr. Durie has been appointed an agent for the Attorney General for the Lacombe and Red Deer District.

—Probably the largeatt and costliest single collection of silver and black fox fur that has ever been put in a show window in Edmonton is to be seen today and tomorrow in the central show window of Revillon Bros., corner Jasper and Second streets. Possibly no other store in North America could make such an exhibit.

—The C.P.R. announce a rate of $26 from Strathcona to New Westminster or Vancouver in connection with the provincial exhibition at New Westminster. Tickets on sale Sept. 28 to October 3 and good to return until until October 11th. Tickets at correspondingly low rates from other Alberta points. For further particulars apply at the local ticket office.

—On Monday evening a surprise party took kpossession of Dr. and Mrs. McKay's residence on 5th street where they enjoyed a most pleasant evening in dancing, cards and other games. The music which was most excellent was furnished by members of the party.

—Calgary Albertan: News that Earl Grey cannot visit Calgary on his return from the coast has caused general disappointment in the city. Telegrams received by Mayor Emerson show that His Excellency would have been pleased to have accepted the invitation but the party have been obliged to return to Ottawa sooner than was intended.

—Mr. C. W. Marshall, manager of the retail branch of Revillon Bros. business in Edmonton, presided att a meeting of the heads of the various departments and employees last night. The purpose of the meeting was to discuss the good and welfare of the firm's business and to familiarize the buyers and salespeople with the eastern branches of the great firm's business. These meetings will be a regular affair henceforth, one being held every month. Mr. Marshall congratulated those present on the success of the past month, which is the greatest since the firm begun business in Edmonton.

—Calgary Albertan: A motion will be brought into the city council on Monday night next asking for a poll of the citizens upon three sites for a city hall. The three sites proposed are the present site, Centre street and a site near Eight avenue and Third street west.

It is possible that other sites may be added to these three that will be placed before the electors. The motion will probably be introduced by Ald. Watson.

—Mr. E. Bayfield Williams, one of the brightest members of the bar of Prince Edward Island, has removed to Edmonton and entered the firm of Short, Cross & Biggar. Mr. Williams was for a number of years private secretary to Sir Louis Davies, when he was Minister of Marine and Fisheries, and has later been in law partnership with D. A. McKinnon, now governor of Prince Edward Island, and Judge A. B. Warburton. He has been prominently connected with the Island Federal Representation case which was heard before the Privy Council, and the Fisheries and Increased Representation cases which are now pending settlement. Mrs. Williams will remove to Edmonton shortly.

SOCIAL AND PERSONAL

F. W. Hopkins, of Leduc, is registered at the Alberta.

C. W. Fisher, speaker, of the provincial Legislature, is in town today.

John T. Moore, M.P.P., for Red Deer, is a visitor in the city today.

Mrs. A. York will receive at her new home, 520 Seventh street on Monday afternoon and evening, October 1.

Hon. C. W. Fisher speaker of the Legislature, was in the city today, he left for home on this afternoon's train

Mrs. E. M. Carpenter was the hostess at a delightful tea yesterday afternoon from 4 to 6 p.m., in honor of Mrs. Carpenter, Collingwod, Ont., and Miss Carpenter, Stafford, Conn.

Miss Taylor, of Edmonton, is the guest of Mrs. J. obert Allan, and will be one of the debutantes at this season's drawing-room.—Ottawa Journal.

—A meeting of the Women's Missionary Societies of the Presbytery of Edmonton is in session this afternoon and evening in First Presbyterian church. The meeting is for the purpose of forming a presbyterial society with headquarters at Edmonton. Miss Robinson travelling secretary of the W. H. M. S. addresses the meeting this afternoon. Tea will be served from 6 to 7 o'clock. The meeting this evening ing begins at 7.15 and will be addressed by Rev. Mr. Mitchell, late of the Yukon, and Rev. Mr. Broadfoot, of Vegreville.

DIED.

BOURET—At Edmonton on Wednesday, Sept. 26, Mrs. Regins Bouret, aged 69 years.

The funeral takes place from St. Joachim's church at 10 a.m. tomorrow.

Deceased was the mother of Mrs. C. Gallagher and Mrs. A. Pomerleau of this city. A son also resides at Jackfish. Mr. and Mrs. Bouret were among the Old Timers of the West, having come to Winnipeg in 1870. They removed later to Battleford. Some three or four years since they came to Edmonton where they have resided since.

HAROLD—In Edmonton on Thursday, Sept. 27th, Jessie, second daughter of the late David Harold.

Funeral on Saturday, Sept. 29th from the residence of Wm. Harold, Sturgeon Road.

IS LIFE WORTH THE LIVING?

It would be if you had a summer home at WHITE WHALE BEACH. Remember that this property should be the choice of all, as it was the first selection made.

It was the first that was surveyed. It was the first that took the eye of experienced judges of such property. See or write us for fur particulars.

McINTOSH & CHAUVIN,
P. O. BOX 240 Norwood Block

Why pay $25.00 to $35.00 for a suit of clothes, when you can get just as good for $15.00—No More, No Less. Our tailoring business is one of the largest in the world. No Middlemen. Suits direct from Woolen Mills to Purchasers. Call in and see our goods and compare them with other high-priced suits. Scotland Woolen Mills 315 Jasper avenue.

KINDERGARTEN

A kindergarten has been opened in the basement of the First Presbyterian church by Mrs. H. M. Tudhope of Toronto. Hours—9.30 to 12 o'clock a.m. For admission of pupils apply at the school.
